PROFILE

Computer Technology senior with 3+ years of hands-on academic experience securing and administering simulated enterprise environments. Practical experience with Linux, Windows Server, network infrastructure, SQL/database management, access controls, vulnerability analysis, data classification, secure network architecture, and NIST AI RMF. Prepared for cybersecurity, technology risk, GRC, IT support, and infrastructure internships or entry-level roles.

TECHNICAL EXPERIENCE

BOWIE STATE UNIVERSITY | SECURE NETWORK ARCHITECTURE & INFRASTRUCTURE

Academic Projects | 2022 - Present

Designed secure network architectures for simulated enterprise environments using CIA-triad principles; documented network components, security requirements, and infrastructure controls.

BOWIE STATE UNIVERSITY | SYSTEMS ADMINISTRATION & ACCESS MANAGEMENT

Academic Labs | 2022 - Present

Configured Linux and Windows Server environments; practiced user and access administration, permission controls, system configuration, and technical documentation.

BOWIE STATE UNIVERSITY | VULNERABILITY & DATA CLASSIFICATION ANALYSIS

Academic Labs | 2022 - Present

Assessed simulated enterprise assets for vulnerabilities, classified data by sensitivity, and connected findings to confidentiality, integrity, availability, and business risk.

BOWIE STATE UNIVERSITY | AI SECURITY RISK ANALYSIS

Academic Project | 2026

Applied NIST AI RMF Govern, Map, Measure, and Manage to generative-AI phishing and social-engineering risk; analyzed CIA, privacy, financial, and operational impact and recommended technical and administrative controls.

EDUCATION

BOWIE STATE UNIVERSITY

Expected May 2027

B.S. Computer Technology

Network Enterprise Infrastructure

SKILLS

SYSTEMS & NETWORKING

Linux; Windows Server; Network Infrastructure;
Secure Network Architecture; System Configuration

SECURITY & RISK

Access Management; Permission Controls;
Vulnerability Analysis; Data Classification; CIA Triad;
NIST AI RMF

DATA & DOCUMENTATION

SQL; Database Management; Technical
Documentation; Risk Analysis; Security Control
Recommendations; Excel

VOLUNTEER & LEADERSHIP

TEAM LEADER | *Wellness & Creative Activities*

Led wellness and creative-outlet teams
focused on mental-health awareness;
coordinated activities and
responsibilities.

VOLUNTEER ADMINISTRATIVE ASSISTANT | *Youth Community Activities*

Provided admin support for youth
programs through event coordination,
participant communication, and records
organization.
